Dear Kathy DiFiore,

Thank you for your beautiful letter - so full of your humility and availability to God where He needs you most - to save the poorest of the poor - the un-born children. They are the poorest because they are the most un-wanted, by the very ones who have given them life, un-wanted even from the Womb. That is why we are fighting abortion through adoption. Let your humility continue to radiate the greatness of God. How wonderful are His ways ! He uses humility, poverty, smallness, and helplessness to prove to the world, that He loves the world - that He loves you and me to-day. So let us not be afraid to be small humble and helpless to prove our love for God. May God's blessing continue to abide with you in your good work. Let us pray.
God bless you

Be Teresa M
