Dear Kathy and SSS Benefactors,

Being in Several Sources is a blessing for me and my child. It means so much to be here, because I knao that I have a safe place for us. They help me get everything I need for Izabella. It makes me happy to knao that she is happy and has everything she needs and wants.

My relationship with God has gotten very strong since I've been at Several Sources shelter, because I learn more about God and I pray a lot more. God always has shown me that he hears my prayers and that He is always here for me. Having discussions about chastity has helped me with future planning because I learned to put God first always.

I would like to thank the benefactors for all they do for Several Sources Shelters. Our kids and moms can be safe and happy because of all the help they get. I would also like to say thank you to Kathy and all the people who serve in this ministry at Several Sources. I will always keep all of them in my prayers. I am so grateful that God sent Angels like Kathy and the people who do so much for us.

Thaizza and
Izabella (8/25/15)
